HSC — Selva Matric Higher Secondary School, Bargur (93%)

2021

SSLC — St. Paul's Matriculation School, Mallapadi (93%)

2019

TECHNICAL SKILLS

Languages: Python, SQL, Javascript

Frontend: HTML, CSS, Tailwind CSS, Javascript, React

Backend: Express.js, Node.js

Tools & Platforms: Git, GitHub, VS Code, WordPress(Elementor)

Database: MongoDB

UI/UX & Design: Figma, Framer, Adobe Express, Canva

Data & Analytics: Power BI, Tableau, MS Excel

PROJECTS

Workflow Management System - MERN STACK

Developed a MERN Stack Workflow Management System with role-based Admin and User dashboards, enabling managers to assign tasks and employees to track and manage their assigned work.

Frontend Live Projects

Developed responsive, production-style web interfaces with reusable components and modern layouts.

E-Commerce & Landing Page Interfaces (UI/UX Design — Figma)

Designed and prototyped responsive interfaces including an e-commerce website, food-ordering app, movie-ticket booking app, and product landing pages with consistent, conversion-focused design systems.

MINDSCAPE – AI-Powered Mental Health Analysis (Final Year Project)

Built an AI/ML system analyzing social-media activity and wearable-device data to detect behavioral patterns and surface mental-health insights.

CERTIFICATIONS

Python and AI for India 2.0 — GUVI

Infosys Springboard — Basics of Python; Elements of an AI Architect

SimpliLearn — UI/UX Design

Data Analytics | Microsoft Data Analytics — Infosys ICT Academy

Full Stack Development - NoviTech
